

Summer School 2018

Your Summer at GUC Berlin

July 9 – August 31, 2018

The GUC Berlin Summer School offers a selection of cutting-edge workshops and elective courses for undergraduate students in the areas of Engineering, Business and Life Sciences. The Summer School is structured in two parts, each with social events, academic offerings and German language courses for several levels. Both parts are linked by an orientation for “Studying in Germany” with experts from the German academic landscape.

Program	Part 1: July 2018		Part 2: August 2018	
Engineering	Humanoid Robots	Cloud Computing & Big Data	Mechatronic Applications	Aircraft Navigation
Business	Financial Markets & Institutions	Entrepreneurial Strategy <i>(for all study areas)</i>	E-Marketing in Practice <i>(for all study areas)</i>
